The quartermaster's department has been considering the advisability of chartering more transports on the Patron of th cific coast. Already the ships chartered make it possible to send nearly all the organizations now formed by Sept. 25, instead of two weeks later, which was the schedule first shown to Secretary Root. The transports Logan and Thomas are now being fitted up on the Atlantic coast and it is expected they will be ready to sail by the middle of October and will take three regiments

At the latest calculation it is now believed to be possible to land all the new regiments in the Philippines by Dec. 1, or very soon after that date.
